SAT COURSE SCHEDULE SUMMER 2010
(June 21 – August 14, 2010)

JR. ELITE COURSE SCHEDULE SUMMER 2010
 (June 21 – August 14, 2010)

Elite's PSAT and Jr. Elite programs seek to build a strong foundation for future SAT and university-level study. We encourage reading, thinking, and participating, rather than mindless memorization and drill. Students entering 5th through the 8th grade improve fundamental skills through reading, grammar, writing and (optional) math work, while our 9th and 10th graders in PSAT programs become familiar with the format and underlying concepts of the SAT and PSAT exams

BOOK CAMP

Elite **Elementary Enrichment** classes, intended for students about to enter grades 5 and 6, are kept small to foster confidence and participation. The academic emphasis is on reading, writing, and mathematics, with some initial work on critical thinking and analysis. Students will read approximately six books during the eight weeks of summer. Teachers emphasize the process of discovery, learning, and understanding so that all students finish the summer better prepared for the school year ahead, regardless of their present ability.

5th and 6th Book Camp	Tue – Fri	10:30am – 12:30 pm

Elite **Junior High Enrichment** courses, recommended for the summer before grades 7 through 8, are intended to give students a head start for high school. At the heart of these classes is our Elite Book Camp Program, which focuses on reading and writing in an environment that is both challenging and nurturing. Students can expect to complete approximately six books during the eight weeks of summer, and work on fundamentals of writing, grammar and critical thinking.

7th and 8th Book Camp	Tue – Fri	10:30am – 12:30 pm
--	------------------	--------------------

Elite **PSAT Book Camp** courses are designed for the ambitious 9th or 10th grader who wants to make significant inroads in PSAT or SAT preparation. Our PSAT Book Camps focus on reading, writing, and grammar—the skills that comprise 2/3 of the SAT. Students will complete approximately six books during the eight weeks of summer and will practice with materials from the PSAT and SAT. Enrollment in PSAT Plus classes is dependent upon meeting certain academic and test score requirements.
